

Quick guide to take an exam

To take an exam, follow these steps:

- 1) Go to www.training.genexus.com. Verify that the website is in the language in which you want to take the exam. If you want to change the language, at the bottom of the page you will find a drop-down list to select the language:

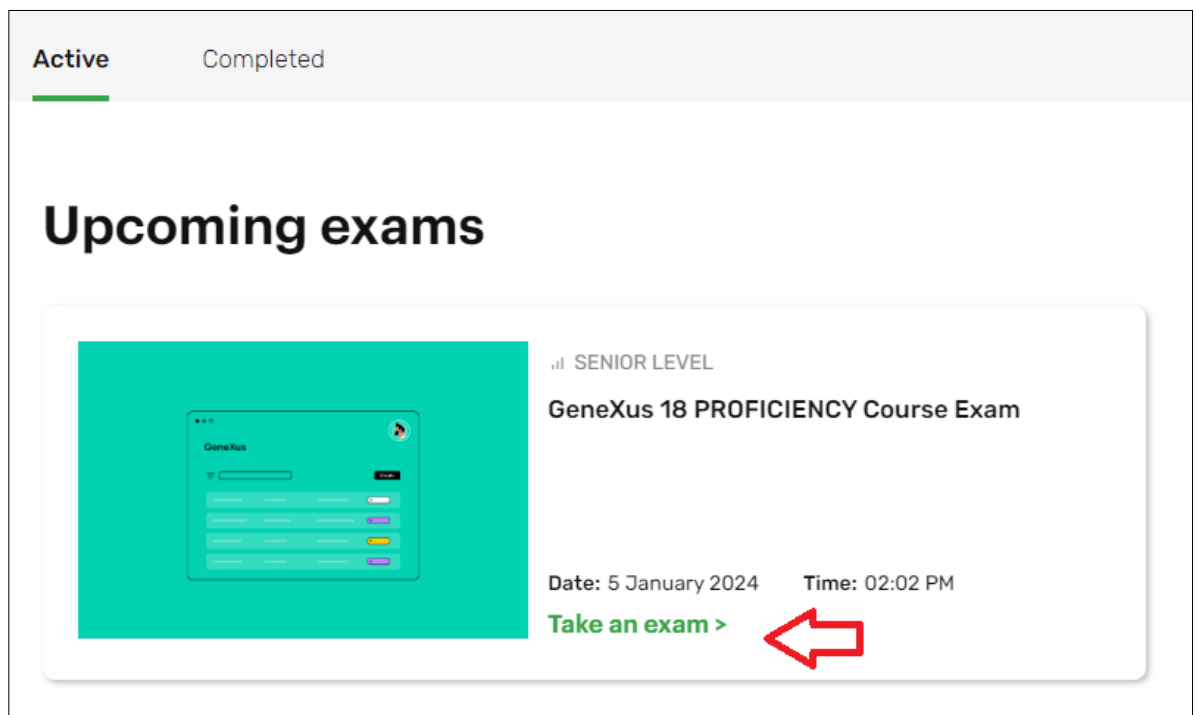

- 2) Log in with your credentials (GeneXus username and password) in the LOGIN option (top right).

After logging in, you will be redirected to your home page (each user has a home page) and there you will see the available exam.

NOTE: The exam will be available to be taken after the previously communicated time.

- 3) Make sure that the exam displayed is the one for which you have registered.
- 4) Finally, select **Take exam** and start the exam by reading the instructions.

Good luck!
