New GXserver Consol

The screenshot displays the GXserver Console interface. The top navigation bar includes links for Home, Documentation, Knowledge Base (selected), Versions, Activity, Configuration, Backups, and English. The left sidebar contains three main sections: Folder View, Category View, and Preferences. The Folder View shows a tree structure under GXwiki4, including KBDoctor.UnReachable, Main Programs, Objects, Domains, Tables, Customization, Documentation, and Files. The Category View shows a tree structure under All, including BorrarrEnRocha, FatanCambios, KBDoctor.UnReachable, and ModificarEnRocha. The Preferences section shows GXwiki4 with sub-items for .Net Environment, Java Environment, and Ruby Environment. The main content area is titled 'GXwiki4' and features a user profile icon and the title 'Active Users'. Below this is a table listing active users with columns for Name, Commits, Updates, Create From Server, and Total.

Name	Commits	Updates	Create From Server	Total

minor changes on spanish translations.

Use Template instead of Plantilla for spanish language.

New GXserver Consol

The screenshot displays the 'Backups' section of the GXserver Console. It features a navigation bar at the top with links: Home, Documentation, Knowledge Base, Versions, Activity, Configuration, and Backups. Below the navigation bar, the 'Backups' section is divided into two main categories: 'BasicInvoicing' and 'Beneficios'. Each category contains a table with columns for 'Date', 'Size', and 'File'. The 'BasicInvoicing' table lists four backups, and the 'Beneficios' table lists four backups. A blue overlay with a checkmark icon and the text 'GXserver SaaS' is positioned over the bottom right of the tables.

BasicInvoicing		
Date	Size	File
08/30/13 06:00 AM	6752.5 KB	BasicInvoicing-2013-08-30-06-00.bak
09/06/13 06:00 AM	6816.5 KB	BasicInvoicing-2013-09-06-06-00.bak
09/13/13 06:00 AM	6816.5 KB	BasicInvoicing-2013-09-13-06-00.bak
09/20/13 06:00 AM	6816.5 KB	BasicInvoicing-2013-09-20-06-00.bak

Beneficios

New GXserver Consol

The screenshot shows the 'Service Request' form in the GXserver Console. The top navigation bar includes links for Home, Configuration, Security, License, Backups, Service, Support (highlighted), and English. Below the navigation bar, there are two tabs: 'Service Request' (active) and 'Restart Service'. The main form area is titled 'Service Request' and contains the following fields:

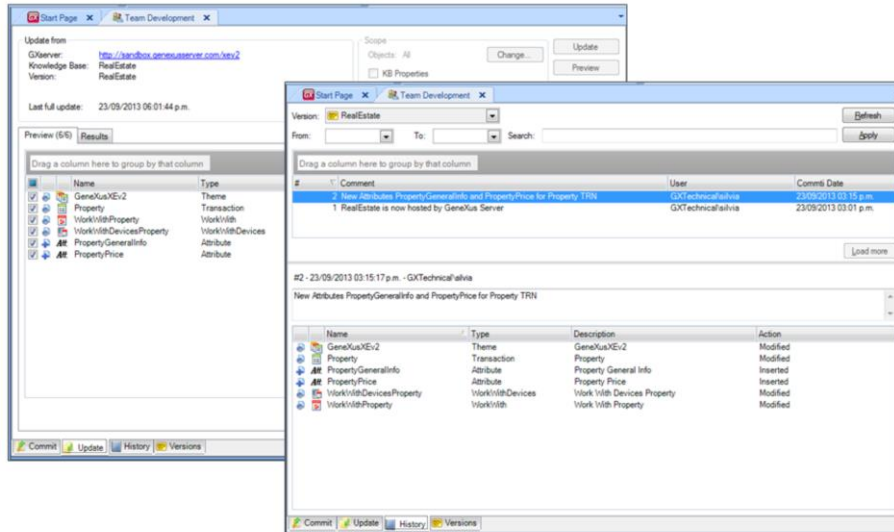

- From:** Administrator User
- Email:** admin
- Type:** A dropdown menu with options: 'Install User Control' (selected), 'Install User Control', 'Install Pattern', and 'Upgrade Service'.
- Comments:** A text area for additional details.
- Attach Files:** A section with a 'select' button.
- Send:** A blue button to submit the request.
